

The power of spirit

As in the illusions....

Only illusions on the path in progress.

While facing with the spirit(s),
perception & reality change.

State of consciousness...

Is that really the result of Education?

Spirits, Souls, hearts...

Let it be light.

Dance with the spirits,
honour each one of them!

Dance with the spirits,

You are one of us -

light "warrior", you are the light.

Yann
