The power of money.

New year's or coin challenge -
the king grand dad who shares
everything from the depth of his heart.

The smell of the coin, shining silver
that must be equally shared.

How something that wasn't on the
table, suddenly creates attention
a quest for one little coin;
not one little coin missing.

the power of money, the paper?
the metal? the gold?
what is the power of money!
