a lot of creative visions yesterday
night after the three cookies,
But all aspects of my work made
sense to me!

It is a matter of presentation.
Not trying to separate techniques,
fragmenting reality but celebrating
all creations.

present 'yourself'

→ value, path, inside note.

Simply tell your story,

→ more sleep today.

this shift strong.

Really feel the energy change
good to rest the

→ need to practice
energy point & flow,
softer dynamic stream!
