

Shinsei

precious project,
previous symbol.

It feels as if I chose the longer
path to reach you.

Analytical, system, survival,
business, nights out, reading,
playing, counting.

Am I trying my best to
divert my attention?

Am I really learning something
valuable?

I have seen Maebanah AI
day note.

I think this is so cool!

A perfect mirror.

I do really like this man.

Is he like my Japanese mirror?

Thank you for a glimpse.

Am ya Shinsei!

It has started.

The path is right awake!

Beyond the form or an
expectation of result!

The seed is planted.

I am looking forward to
be in your sacred circle.

the one I create to welcome
you and I as one!

#SHINSEI

it makes me realize,
the power of context and presentation!

→ Make a big one
→ Set up light in studio
→ Test it!

Bring the 'light' wherever
you stand!
